**“OWI Robots Activities and Experiments”**  
**Curriculum**

Carson, CA November 11, - - - This CD curriculum provides easy to follow step-by-step activities and experiments for the following OWI Robots: Binary Player, Jungle and 4 in 1 Robot, Kabuto Mushi Robot, Moonwalker II, Hyper Peppy, Soccer Jr., Spider III, and Sumo, and Weasel Robots. Students are challenged to measure and record robot specifications, perform experiments, solve problems, record data, reflect about their activities and answer questions.

This curriculum when combined with OWIKIT robots creates numerous and flexible educational opportunities for students. Using the site license that comes with the product, directions may be read off a computer screen or made into printed master and copies. Answer keys provided. This is a flexible robotics curriculum for individual student use, home schools, science museums, and schools. CD is Mac and PC compatible.

Suggested selling price: \$ 23.95 USD
